

# CAMPAIGN FOR RESOURCE

Since 1991, philanthropic gifts totalling over £103 million have been received by or pledged to the University, of which over £88 million has been raised through the *Campaign for Resource*.

The *Campaign for Resource* has been able to achieve this magnificent total thanks to the support of literally thousands of alumni, patrons, staff, students, parents and friends.

The funds raised have benefited the University in numerous ways, sustaining and enhancing the quality of its teaching and research. Just a few examples of the many projects supported by the *Campaign for Resource* over the past 11 years are: professional appointments; laboratory refurbishment; scholarship and bursary funds to relieve student hardship; the Synthetic Chemistry building; books and computers for the library; student halls of residence; the new Centre for Sport, Exercise & Health; and the Alumni Foundation.

We wish to thank all those who have contributed towards the *Campaign for Resource*, including over 1,500 individual donors, and would like to mention the following organisations which have supported the University during 2001/2:
