

# Art of Science success for Bioimaging Facility users

The Art of Science 2011 competition attracted a diverse range of entries from researchers in the Faculty of Medical and Veterinary Sciences.

Once again the artistic and scientific skills of users of the Bioimaging Facility's microscopes resulted in them picking up many of the available prizes.

## Prize winning microscopy images:

Top row (left to right): Chrissy Hammond – ‘Bone Flowers’ & ‘Fin-esse’; Louise Hickey – ‘The Great Wave of Neurones’. Middle row (L to R) : Chrissy Hammond – ‘Jaws’; Emma Vincent – ‘The Platelet Factory’; Judith Mantell, Lorna Hale, & Gini Tilly – ‘Kidney Feet’. Bottom row (L to R): Harry Jepson, Alan Leard & Mark Jepson – ‘Antenna Base’; Roz Williamson – ‘Life in 3D’.
