

## School of Biochemistry Seminar Series

### Spring Term 2018/2019

Seminars are held on Thursdays at 1pm in C42, Biomedical Sciences Building, except for the seminar on Feb 14<sup>th</sup>, which will be held at 12pm in C42

- |                                     |  |
|-------------------------------------|--|
| 31st January                        | <b>Professor Serge Mostowy</b> – Imperial College London<br><b>Use of the cytoskeleton to control <i>Shigella</i> infection</b><br>Hosted by Mark Dodding                        |
| 7 <sup>th</sup> February            | <b>Lionel Clarke OBE</b><br><b>Bioeconomy strategy 2018 to 2030</b><br>Co-hosted by Bristol BioDesign Institute, Dr Andy Boyce~  |
| 14 <sup>th</sup> February<br>*12pm* | <b>Dr Mark Dodding</b> – Bristol<br>Lister Prize Seminar<br>Hosted by Kate Nobes   |
| 21 <sup>st</sup> February           | <b>Professor Emma Raven</b> – School of Chemistry, Bristol<br><b>The role of heme in biology – catalysis, structure and biological regulation</b><br>Hosted by Marc Van der Kamp |
| 28th February                       | <b>TBC</b>   |
| 7 <sup>th</sup> March               | <b>Dr Kyra Campbell</b> – University of Sheffield<br><b>Cell Plasticity: Learning from tissue morphogenesis to tackle tumour progression</b><br>Hosted by Helen Weavers          |
| 14 <sup>th</sup> March              | <b>Building the cilium with ATP-driven molecular motors</b><br><b>Dr Anthony Roberts</b> – Birkbeck University of London   |
| 21 <sup>st</sup> March              | <b>Professor John Christodoulou</b> – UCL<br><b>Protein folding on the ribosome: some structural insights</b><br>Hosted by Ian Collinson   |
| 28 <sup>th</sup> March              | <b>Dr Qian Wu</b> – Astbury Centre, University of Leeds<br><b>The mechanism of DNA repair by non-homologous end Joining pathway</b><br>Hosted by Mark Dillingham                 |

Please contact Mark Dodding and Marc Van der Kamp at [bioc-seminars@bristol.ac.uk](mailto:bioc-seminars@bristol.ac.uk) with any queries or suggestions for future speakers.
