Investing in me

2nd Year Engineering
Third most targeted University by Times Top 100 (High Fliers 2017)

Home to small business – highest number of start-ups outside London
Act now

Three things to do this year:

1. Attend a talk on work experience/internships

2. Attend a Bristol Plus introductory talk early in the Autumn Term and sign-up to complete it by June

3. Attend a Fair to research employers for internships, placements, or graduate-level opportunities
Recruiters have confirmed that 32% of this year’s entry-level positions are expected to be filled by graduates who have already worked for their organisations, either through paid internships, industrial placements or vacation work. (High Fliers 2017)
Attend a work experience and internships talk

Visit our ‘Finding a Job or Internship’ webpage

Come to ‘Quickfix: How to find work experience or an internship – for Engineering and Computer Science students’
Monday 30 October 1.15 – 1.45
Explore more with the Bristol PLUS Award.

What are you already doing?

- Competitions / society projects
- Employer insight days / weeks or assessment centres
- Mentoring or outreach
- Course rep
- Sports leadership

Why do it?

“The Bristol Plus Award has been a useful vehicle for developing both my understanding of the industry I would like to pursue and the skills required to ensure I am employable. The varied nature of the award has allowed me to have experiences that I may not have had within my course’s curriculum. I also now have a better idea as to how I will get into the career I am striving for and have set out next steps to achieve this.”

Engineering Design student

“The Bristol PLUS award equips already academically brilliant students with the essential skills required to be successful in the working world outside of their university course. Students are also able to demonstrate what they have learnt from their experience and can articulate how these experiences and skills relate to the workplace. This will significantly improve the employability of these students.”
Your future employer is waiting to meet you

Management Consultancy and Investment Banking evening  2 October
Autumn Careers Fair  10 & 11 October
Engineering and IT Fair  18 & 19 October
