Create your programme

Make the most of your time here by creating a tailored academic programme that works for you.

A unique aspect of Study Abroad at Bristol is that you can customise your experience by selecting units from across departments, combining different subjects to suit your interests or immersing yourself in your main subject of study.

Credits and course load

You will take 60 Bristol credits per semester. This is a full course load. Most units at Bristol are either 10-credit or 20-credit units, so you will typically take three to six units per semester.

Science and engineering subjects tend to have more than 10-credit units, whereas arts, humanities and social sciences tend to have 20-credit units. Your home university will be able to advise you about how the credits transfer back to your degree.

Finding your units

The terminology used at Bristol might not exactly match what you are used to at your home university. Please read the guidance here by creating a tailored academic programme that works for you.

You will also be able to join the International Students’ Network, which hosts events, runs campaigns and represents international students. Joining a club is a great way to meet new people while you’re here, and Study Abroad students often say taking part really helps them settle in and make friends.

Sports and fitness
Bristol’s proactive approach to wellbeing and first-rate sports and fitness facilities will help you stay on top of your game. More than 70 sports groups cater for every interest, from cycling to cricket and snow sports to skydiving. Accommodation

With our wide range of residences, we will help you find the perfect place to live.

Your home away from home
Study Abroad students starting in September are guaranteed a place in University accommodation, if you apply by the deadline.* For students starting in January, we make every effort to place you in a University residence, or help you find private accommodation.

University-allocated accommodation is either catered, which includes a meal plan, or self-catered with full kitchen facilities. Most bedrooms are single, but you have the option to share. All rooms are furnished, with either an en suite or a shared bathroom, and every residence provides free Internet and 24-hour security.

You’ll be living with a mix of British undergraduates (usually first years), international students and other Study Abroad students. Accommodation is available for students with disabilities, health needs, or special cultural or religious requirements.

Our University accommodation is organised into three villages, shown on the next page.

Support in your accommodation
Our Residential Life Service is your support network in University accommodation. Each Student Residential Village has a Residential Life Team offering 24-hour advice and support, 7 days a week.

*Students coming for a full year or autumn semester who meet the terms of the accommodation guarantee and apply by the deadline are guaranteed University accommodation.

‘Living in University accommodation has been really good; I get along with all my flatmates and we do lots of things together.’
Emily University of Melbourne

Student Residential Village North
Our North Village is a campus of accommodation housing over 2,000 students, set in 65 acres around two miles from the University campus – a 20-minute bus trip or a pleasant 40-minute walk. A bus pass is included in your accommodation fee. The site includes extensive gardens and space for socialising and relaxing. It houses most of our catered residences and our second sports complex.

Private accommodation
If you prefer to live outside of University-allocated accommodation and rent privately, the Accommodation Office is available to help. This is easier for students coming for the full academic year, as most rental contracts are for a minimum of nine months. Bristol SU provides a specialist letting service for students, and there are many other property providers across the city.

Social life and sports
Each University residence has a social committee run by students, which organises a range of social events, fun activities and sporting leagues. We also offer a programme of healthy physical activity opportunities across campus for all students, with regular exercise classes and other sessions right on your doorstep.

Student Residential Village East
The East Village residences are based in and around Clifton’s city centre. All are within walking distance of the University campus, and benefit from an endless supply of shops, cafes and bars.
