Agreed terms

Subject to any special terms and conditions agreed between the parties as set out in the Schedule (**Special Terms**), the parties agree as follows:

1. **Grant of licence:** Subject to the terms of this Agreement, the University grants each of the Recipients (and through the Recipients, the Investigators) a non-exclusive, non-transferable, revocable, royalty-free licence from the Effective Date and during the Access Period to access, hold, store, view, combine or aggregate (wholly or in part), adapt and make copies of the Licensed Datasets solely for the purposes of Authorised Use. For the avoidance of doubt, nothing in this Agreement shall prevent or restrict the University from granting access to the Licensed Datasets to any third party on such terms as it may agree.
2. **Reservation of rights:** The Recipients acknowledge that all intellectual property rights throughout the world, whether existing now or in the future and whether registered or unregistered, subsisting in the Licensed Datasets (including copyright and related rights, database rights and *sui generis* database rights) shall remain the property of the University and they shall not have any rights in or to the Licensed Datasets other than in accordance with this Agreement.
3. **Licence restrictions:** The Recipients shall:
 - (a) only use the Licensed Datasets for the purposes of carrying out Authorised Use;
 - (b) only make copies of the Licensed Datasets to the extent reasonably necessary to undertake Authorised Use and for back-up and disaster recovery purposes;
 - (c) not permit any third party other than the Investigators and bona fide members of each Investigator's research team, to have access to the Licensed Datasets;
 - (d) not attempt to link the Licensed Datasets (wholly or partly) with any other data held by different recipients or by the Recipients for other projects unless agreed by the University in advance or at any time during Access Period;
 - (e) not disseminate, distribute, extract, exploit or otherwise use the Licensed Datasets (wholly or in part) for any commercial purposes or for any purpose that is subject to consulting or licensing obligations to third parties.
4. **Derived datasets:**
 - (a) In this clause **Derived Datasets** means new datasets or information that have been created in the course of Authorised Use using the Licensed Data (wholly or in part) as its source and where, during the creation of new datasets, the Licensed Data (including data attribution or textual content) has been copied, replicated, reproduced and/or generalised, data could be considered derived if it encapsulates a significant proportion of the Licensed Data. The term '**Derived Dataset**' shall be construed accordingly.
 - (b) All right, title and interest in and to a Derived Dataset (including copyright and related rights, database rights and *sui generis* database rights) shall be jointly owned by the University and the Recipient(s) that created the new dataset in equal and undivided shares and each of them :
 - i. grants to the other(s) an irrevocable, non-transferable, royalty-free right to use the Derived Dataset for teaching and research purposes including the Study and further research projects, whether or not funded by third parties (provided that those parties claim no rights to the Derived Dataset);

- ii. agrees to encourage use of the Derived Dataset by the research community, subject to appropriate licenses being put in place which preserves each party's right, title and interest in and to the Derived Datasets;
 - iii. may commercially exploit the Derived Dataset upon consultation and agreement with the other(s) (acting reasonably and in good faith). In such circumstances, the party which is commercially exploiting the Derived Dataset will pay the other(s) a fair and reasonable royalty rate/revenue on the value of any products or processes commercially exploited by it/them which incorporate the Derived Dataset, taking into consideration the respective financial and technical contributions of the parties to the development of the Derived Dataset, the expenses incurred in securing intellectual property protection thereof and the costs of its commercial exploitation and the proportionate value of the Derived Dataset in any such product or process; and
 - iv. shall immediately give written notice to the others of any actual, threatened or suspected infringement of any rights in or to the Derived Dataset or any unauthorised use of the Derived Dataset.
 - (c) The Recipient(s) shall provide the University with a fully documented electronic copy of the Derived Dataset within a period of six months of completion of the Authorised Use.
 - (d) For clarification, if any of the Recipients had no part in the creation of a Derived Dataset, such Recipients shall have no rights under this clause 4 in relation to that Dataset.
5. **Investigator:** Each Recipient warrants that their Investigator is an employee of or under an honorary research contract with them. In the event that the Investigator ceases to be an employee of or under an honorary research contract with the relevant Recipient during the Access Period, the Recipient shall promptly notify the University in writing. Each Recipient shall be responsible for ensuring that its Investigator(s) is aware of the Recipient's obligations under this Agreement and shall at all times remain liable for the acts or omissions of its Investigator(s).
6. **Authorised Use:** Each Recipient warrants that appropriate ethical approval has been obtained for Authorised Use to be undertaken by them (having regard to the nature of the Authorised Use and applicable law) and that, where Authorised Use has not been approved by a recognised funder, Authorised Use will be undertaken with the intention of generating new knowledge and understanding using rigorous scientific methods and with the intention of publishing the research findings in the scientific community for wider scientific and eventual public benefit. If a Recipient wishes to test any additional hypotheses which are outside the scope of Authorised Use, it shall obtain the University's prior written consent.
7. **Custodianship:** Each Recipient shall ensure that the Licensed Datasets held by it are kept in a secure manner and only transferred in an encrypted form and shall use all reasonable security practices and systems applicable to the use of the Licensed Datasets to prevent, and take prompt and proper remedial action against, unauthorised access, copying, modification, storage, reproduction, display or distribution of the Licensed Datasets. Each Recipient agrees to comply with the University's reasonable directions regarding the security of the Licensed Datasets it holds in addition to the Recipient's own Data Security Policies. In the event that the Recipient makes any amendment to the Data Security Policies or changes the location at which the Data Security Policies may be accessed by the University, it shall promptly notify the University of the same.
8. **Data protection:** If and to the extent that the Licensed Datasets comprise personal data or special categories of personal data (**Protected Data**) within the meaning of the Data Protection Legislation (as defined below), each Recipient warrants that it will:

- (a) process (as defined in the Data Protection Legislation) the Protected Data only to the extent and in such as manner as is necessary for the purposes of carrying out the Authorised Use;
- (b) comply with the University's instructions for the processing of the Protected Data including any instructions for the anonymisation of the Protected Data or any request by the University to amend, transfer or delete the Protected Data;
- (c) not transfer the Protected Data to any destination outside the European Economic Area without the University's prior written consent and subject to such further conditions as the University may specify;
- (d) take appropriate technical and organisational measures against the unauthorised loss or destruction of, or damage to, the Protected Data to ensure a level of security appropriate to the harm that might result from the same and the nature of the Protected Data to be protected.
- (e) become the data controller (as defined in the Data Protection Legislation) in relation to any Protected Data received by it under this Agreement.

For the purposes of this Agreement, "**Data Protection Legislation**" means the UK Data Protection Legislation and (for so long as and to the extent that the law of the European Union has legal effect in the UK) the General Data Protection Regulations (*EU* 2016/679) and any other directly applicable European Union regulation relation to data protection, where "**UK Data Protection Legislation**" means any data protection legislation in force from time to time in the UK including the Data Protection Act 1998 or 2018 or any successor legislation.

9. **Complaints by data subjects:** If a Recipient receives any complaint, notice or communication which relates directly or indirectly to the processing of the Protected Data or to compliance with the Data Protection Legislation and the data protection principles set out therein, it shall immediately notify the University's Information Rights Officer (by email to data-protection@bristol.ac.uk) and it shall provide such person with full co-operation and assistance in relation to any such complaint, notice or communication. Each Recipient also agrees to provide the University's Information Rights Officer with full co-operation and assistance in relation to any complaint, notice or communication which the University receives in relation to that Recipient's processing of the Protected Data or that Recipient's compliance with the Data Protection Legislation.
10. **Notification:** If any Protected Data is lost or destroyed or becomes damaged, corrupted, or unusable or a Recipient becomes aware of any misuse of the Licensed Datasets and/or Derived Datasets or any security breach that could compromise the security or integrity of the Licensed Datasets and/or Derived Datasets, that Recipient shall promptly notify the University (by email to data-bris@bristol.ac.uk) and the University's Information Rights Officer (by email to data-protection@bristol.ac.uk) and, at the Recipient's expense, fully cooperate with the University's requests to remedy the issue as soon as reasonably practicable.
11. **Errors:** Each Recipient shall promptly notify the University if it discovers any errors or inconsistencies in the Licensed Datasets and/or Derived Datasets and provide the University with such information as it reasonably requires for the purpose of evaluating the same.
12. **Audit:** Each Recipient shall keep detailed, accurate and up-to-date records (**Records**) sufficient to enable the University to verify the Recipients' compliance with the terms of this Agreement. Each Recipient shall permit the University and its third party representatives, on reasonable notice during that Recipient's normal business hours, to have access to and take copies of such Records for the purpose of auditing that Recipient's compliance with the terms of this Agreement. Such audit rights shall continue for three years after termination of this Agreement.

13. Confidentiality: The Recipients shall keep the Licensed Datasets confidential and, in particular, undertake not to use or disclose any Protected Data in such a manner as to compromise or otherwise infringe the rights of any data subject in relation to such Protected Data.

14. Disclaimer: The University expressly does not guarantee, represent or warrant that:

- (a) the Licensed Datasets are accurate, complete, reliable or secure;
- (b) the Licensed Datasets are of satisfactory quality or fit for any particular purpose or capable of being used in connection with the Authorised Use; or

15. Limitation of liability:

- (a) The University does not exclude or limit its liability to the Recipients for death or personal injury arising from its negligence or for any other matter in respect of which it would be unlawful for the University to exclude or limit its liability.
- (b) Subject to clause 15(a), the University shall not in any circumstances be liable whether in contract, tort (including negligence and breach of statutory duty however arising), misrepresentation (whether innocent or negligent), restitution or otherwise for:

16. Termination: This Agreement and the licence granted to a Recipient under clause 1 shall terminate automatically upon expiry of the Access Period, subject to earlier termination as between the University and a Recipient if :

- (a) that Recipient gives notice of termination in writing to the University at any time, in which case the Agreement and the licence shall terminate as between the University and that Recipient;
- (b) an Investigator ceases to be an employee of or under an honorary research contract with the relevant Recipient and the Recipient is unable to procure a replacement acceptable to the University;

- (d) the University in the event that the relevant Recipient commits a material breach of any term of this Agreement which, if capable of remedy, has not been remedied within a period of thirty days after being notified by the University in writing to do so;
- (e) the University in the event that the relevant Recipient and/or its Investigator has acted in any manner which in the University's reasonable opinion has brought or is likely to bring the University into material disrepute or is materially adverse to the University's interests;
- (f) the University in the event that the relevant Recipient:
 - i. is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986;

A request for such an extension must be made jointly by all the Recipients to the Research Data Service, Library Services, Augustine's Courtyard, Bristol, BS1 5DS at least 30 days prior to the expiry of the original Access Period. If no response is received from the Research Data Service within 14 days of the submission of the request for extension, the Access Period shall automatically be renewed for the period requested.
- 18. **Consequences of termination:** On termination of this Agreement for any reason as between the University and a Recipient, that Recipient shall as soon as reasonably practicable return or destroy (as directed in writing by the University) the Licensed Datasets and all other data or information provided by the University to that Recipient in connection with this Agreement.
