Getting to the University

We strongly recommend using public transport to travel to the University or using our free park and ride services if travelling to Bristol by car.

**Bus or coach**
National Express and other coach/bus operators run direct services to Bristol bus station from most UK cities. The bus station is on Marlborough Street in the centre of Bristol, near to the University. You can take a taxi to the University from outside the bus station (5 to 10 minutes journey) or walk, which will take about 15 minutes and involves an uphill climb.

**Train**
Bristol Temple Meads is in central Bristol, approximately two miles from the University. A free bus service runs from Temple Meads to the University on open days. The service runs every 10 to 15 minutes from 8:30 am.
First bus services 8 and 9 operate between Temple Meads and the University. A taxi journey should take about 15 minutes. The University is a 30-minute walk from Temple Meads and involves an uphill climb.

**Plane**
Bristol airport is eight miles south of the city. The Bristol Flyer (bus service A1) runs every ten minutes at peak times between the airport and Temple Meads train station or Bristol bus station. Allow at least 90 minutes to get from the airport to the Clifton campus.

**Car**
The University provides two free park and ride services. Places are limited and must be booked in advance. Buses to the University will depart every 10 to 15 minutes.
