Terms of Reference

The Network is a consultative, support and social group that, through the Co-Chairs, provides a link between the University (HR EDI Team/Senior Management) and members of staff with an interest in issues of sexual orientation and gender identity. It:

- Provides a safe and supportive space for raising and discussing any concerns or issues or where support may be needed for LGBT+ employees
- Provides confidential support to all employees on LGBT+ issues
- Meets at least termly and the Co-Chairs take recommendations and feedback from these meetings to the EDI Team/University departments and feeds back to the network. The meetings encompass HR related items, agenda items from members and committee and guest speakers if relevant. These meetings include items such as PRIDE, LGBT+ History Month, socials, policies, data, gender neutral toilet and celebrating awareness days
- Is a self-directed group which acts as a partner to HR/University and is available for HR to consult with on relevant matters. HR send business items to the group through the Co-Chairs and will be asked to attend by invitation.
- Co-operates with the University on the Stonewall Workplace Equality Index but ensures that it isn’t just this that drives the agenda for change within the University.
- Ensures visibility of the network is available across the University for all staff and through induction.
Members of the LGBT+ Staff Network have lots of experience of diversity and equality issues which are of use both to the group and to the University.

Roles
- Two Co-Chairs (one of those positions to be anyone who identifies as a woman and the other to be someone who identifies as either a man/non-binary/trans or other sexual or gender minority) to lead the group. If this is not possible, then to ensure there are at least two co-chairs. If there are more than 2 people interested in the role there will be an election.
- Co-Chairs to do up to a 2 year term and Co-chairs to stagger stepping down to ensure continuity with one Co-chair continuing. If there are no other staff members wanting to take on this role then there is an option to fulfil an additional term with agreement from network members.
- Any LGBT+ staff member can stand to be a Co-Chair or Committee Member and approval is asked from the network members via a meeting or email to confirm this.
- Other Committee Members to be identified as and when needed by the Co-Chairs/Committee or members e.g Social Rep/LGBT+ History Rep/Pride Rep/Women’s Rep. Other Committee Members to do up to a 2 year term with an overlap of 3 months handover (if possible) to help with continuity. If there are no other staff members wanting to take on these roles then there is an option to fulfil an additional term with agreement from network members. If there is more than one person interested in each role there will be an election or new roles can be created.

Conduct and Confidentiality
The LGBT+ Staff Network will operate a ‘safe space’ policy in which LGBT+ staff are able to meet without fear of being ‘outed’ in the workplace. All attendees agree to respect the wishes of individuals who do not wish their identity to be disclosed outside of the network.

The views and confidentiality of all attendees should be respected and, in line with the University’s Acceptable Behaviour Policy, Attendees of meetings are expected to behave in a professional and acceptable manner - treating others with courtesy,

Attendees will respect that no person or persons will dominate any meeting and will help every voice to be heard.
