Open Days

Saturday 7 September 2019
9.30 am to 4 pm

@BristolUni

Programme
Welcome to your open day

Our beautiful campuses at Clifton and Langford are open for you to experience and explore.

Meet our academic staff and learn what makes studying your subject at Bristol unique.

Talk to the teams who support your student experience.

Enjoy a slice of Bristol life over lunch in Royal Fort Gardens.
About your open day

Today our campuses are open to you, so explore and soak up the atmosphere. Talk to our staff – this is your chance to ask your particular questions – and say ‘Hi’ to our stewards, who are all current students at the University.

Information and subject talks
At subject and information talks must be booked in advance when you register to attend the open day. Check your booking confirmation email for the times and locations of your talks. Talks will start at their advertised time with doors closing shortly beforehand. To guarantee entry please arrive at least five minutes before the published start time. After this, all remaining seats will be offered to non-booked guests.

Subject information points and tours
Talk to academic staff in person, handle artefacts and equipment and learn about your course in detail at subject information points. Many subjects also offer guided tours of buildings and facilities; see the subject activities listing for how to book on the day.

Open day exhibition
The teams who support all aspects of student life are available at the exhibition to answer your questions in person. Drop in to ask about anything from sports to funding to accommodation. (p4)

View our accommodation
Residences at each of our three residential villages are open today so you can view bedrooms, bathrooms and kitchens and experience the variety of accommodation available. Staff from the Accommodation Office are on hand to answer questions at residence information points and the open day exhibition. (p6)

Tyndall Avenue
At the heart of our main campus, Bristol SU Lettings, the Careers Service (41) and the Indoor Sports Centre (42) are open for you to look around and talk to the teams.
Several university libraries and dedicated study spaces are open to view today and are marked on the main campus map (31).

Bristol Students’ Union, Richmond Building
Bristol SU in the Richmond Building houses the Balloon Bar, a radio station, theatre, dance studios, swimming pool and much more. This is also the location for the open day exhibition. Come and explore our outstanding facilities, meet the Student Reps and find out about our 300+ student societies and clubs. Keep an eye out for various student society demonstrations taking place across campus as well.

Cafés and street food
Grab a bite or a hot drink from one of our on-campus cafés or check out the selection of pop-up food stalls selling a range of street food in Royal Fort Gardens. Opening times vary but many of our cafés will be open from 8 am to 4 pm or later.

Exploring the campus
Find travel information and a detailed map of the main campus at the centre of this guide.
Most university buildings are on public roads which are open to traffic. Pavements may become crowded so please take care.
We are continually investing in our facilities and significant buildings works are taking place on campus. Please take extra care and be aware that some buildings may not be open for this reason.

Self-guided campus tour app
Take in our campus highlights at your own pace using the campus tour app. Our students guide you around some of our iconic buildings and world-class facilities on a circular route starting at Beacon House. Search ‘University of Bristol’ to download for free on the App Store or Google Play.

Safety and first aid
First aid staff are based at the Hawthorns, Woodland Road (44). Staff at the information points and in all areas open during the open day will also be happy to assist. If you lose possessions or become separated from your party, please go to the main information point in Royal Fort Gardens.
If there is an emergency please contact University security on 0117 331 1223.

Wi-Fi
Connect to ‘UoB Guest’ in the list of available networks, then open your web browser and follow the instructions to connect.

Subject demonstrations and tours may take place on a different part of campus to your talk locations, so please allow plenty of time to ensure you reach your talks on time. Our campus is large and includes some steep hills, so we recommend that you allow at least 30 minutes to walk across the campus.
Exhibition

Meet the teams who support student life at the open day exhibition in the Richmond Building (80). The exhibition is open 9:30 am to 4 pm.
Explore accommodation

Much more than just a place to sleep, our residences are communities offering a impressive variety of social and wellbeing activities.

We’ve opened residences at each of our three residential villages today so you can explore the different types of accommodation we offer. Head to the information point at each village to speak with the Accommodation teams and get details about travel, support, prices and our accommodation guarantee.

How to get here
The West and East Residential Villages are within walking distance of the main campus and routes are indicated on the map at the centre of this programme. Please allow plenty of time to walk to and from the residences and be aware that your route may include steep hills.
