Admissions cycle
This Admissions Statement applies to applications submitted for entry to the programme between 1st October 2017 and 31st September 2018.

Application deadline
Details of application deadlines for this programme are displayed on the individual programme page within the University course finder.

Admissions criteria

Academic requirements
To be considered for admission to this programme, applicants are required to hold/achieve a minimum of an upper second-class honours degree (or international equivalent), references, a suitable personal statement and an innovation pitch. Non-traditional qualifications/routes may also be considered.

For information on international equivalent qualifications, please see our International Office website.

English language requirements for non-native English speakers
For applicants whose first language is not English, and whose full undergraduate degree was not taught in an English-speaking country, it is necessary to hold/achieve a minimum score in an approved English language test as specified in Profile C of the University’s English Language Requirements Policy.

Applicants do not need to have reached the required level of English language before submitting an application. If necessary, English language will be included as a condition of offer.
Applicants have the option to undertake one of the University’s Pre-sessional English courses. You can find information about the University of Bristol’s Pre-Sessional English courses at the Centre for English Language and Foundation Studies website.

**Additional requirements**
An innovation pitch. Please see our website for information on how to complete the pitch

**Application process**

**Online application form**
Applicants should complete the online application form, uploading all required documents directly into the application form. Guidance on uploading documents can be found in the How to Apply FAQs. Any paper documents received by post, or electronic documents received by email, will not be considered except in exceptional circumstances.

Applicants should make every effort to choose the correct programme in the application form by reading the prospectus entry and admissions statements fully. Applicants should contact the relevant Admissions Team if clarification is required.

**Documents to upload to online application form**
The required documents for this programme are listed below. Applications may not be considered until all required documents have been uploaded to the application form.

Applicants who have already submitted an application can upload additional documents into the ‘Post-submission uploads’ section of the application form. Information about how to upload documents to an application form can be found in our How to Apply FAQs.

Required documents for this programme are:

- **Two academic references (minimum)** References should be submitted electronically by the referee, using the online reference form. Alternatively, scanned copies of the original reference document(s) can be uploaded by the applicant.
  
  If you graduated more than two years ago, or if professional experience is relevant to the application, professional references will be accepted in lieu of one academic reference. At least one referee should be familiar with the applicant’s academic work. References must be written, signed and dated on official letter headed paper from the referee’s organisation. They must include the referee’s full contact details, i.e. postal address, telephone number and organisation email address. A reference template is available to show the required format.
  
  References supplied with a personal contact email address will not be accepted unless under exceptional circumstances, which must be explained within the reference. All references must be dated within the last two years.

- **Degree certificate(s)** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English.

- **Academic transcripts** from first and subsequent degrees. We require colour scans of original documents and certified translations of documents issued in any language other than English. Transcripts must list all subjects taken and grades achieved to date, with the grade scale clearly displayed in the transcript. Applicants must clearly state their current average grade in the online application form.

- **Personal statement:** Personal statements should highlight the motivation for applying for the course, and any relevant experience and/or skills.

- **Innovation Pitch:** A clear and persuasive explanation as to the applicant’s ability to engage with the specific nature of innovation and/or entrepreneurship. Candidates can respond to this challenge in one of two ways:
1. Candidates can write a specific innovation pitch of up to 1,000 words that shows how you would make a great innovation student.

OR

2. Candidates can video themselves pitching why they have the skills, experience and/or passion to be a great innovation student. Innovation pitch videos should not be longer than three minutes. Candidates should then upload the video to an accessible online platform for us to view (YouTube, Version: 1.0 Last updated: 28 July 2017 Vimeo, etc). Candidates should add details of the URL for your video to your submitted application materials.

Please note that we are interested in assessing your ideas and response to a challenge, not your technical abilities. For example, we are not expecting HD videos recorded with specialist cameras to be submitted; simply videoing yourself on your mobile phone, tablet or webcam will suffice, so long as we can hear and see you clearly.

Please note that the Innovation Pitch is **not** the same as a Personal Statement. The Pitch should be a specific new video or document outlining the applicants previous or current experience, or future aspirations, with regard to innovation and/or entrepreneurship.

- **Evidence of English language** is required from all students whose native language is not English, in accordance with the English requirement for the programme. A colour scan of the original document or certificate is required.

Optional documents for this programme are:

- **Curriculum Vitae (CV):** A CV is not required but can help an application. CVs might include details of other relevant qualifications or work experience to support an application. Please do not include any school (pre-university) certificates, unless otherwise specified above.

**Correspondence with applicants**

Applicants will normally receive communication via email to the email address used to set up the application form account. Applicants should ensure the profile email address is kept up-to-date.

**Selection process**

**Assessment of applications**

All applications are considered in accordance with the University’s policy on equality and diversity. The University of Bristol upholds the principles of equality and diversity, respect and dignity. Candidates are not discriminated against on the grounds of race, ethnicity, nationality, gender, sexuality, religion or belief, disability, health or age.

Once a complete application has been submitted with all required supporting documents, it is considered by the admissions team.

Applications are considered using the following criteria:

- Academic achievement
- Academic references
- Personal statement
- Innovation Pitch

**Interviews**

Interviews do not normally form part of the selection process. However, it may be deemed necessary to interview applicants with non-standard qualifications or who have additional skills and experience to be considered as part of the application process.

The purpose of the interview is to assess whether the applicant currently has the necessary skills and
capabilities to pursue the chosen postgraduate programme, and whether the programme is appropriate to the applicant’s interests and aspirations.

If required, interviewees based overseas will normally be interviewed by telephone or Skype.

All interviews are conducted by two members of staff, at least one of whom is trained in fair and effective recruitment techniques. All interviews are undertaken in accordance with the University’s policy on equal opportunities.

Non-standard applications
We welcome applications from those with non-standard qualifications who can demonstrate knowledge, experience and skills developed in the workplace, or elsewhere, relevant to the programme of study. Please use your personal statement to provide further details.

Non-standard applications will be considered by the Admissions Tutor(s) for the programme on a case by case basis.

Decisions

Notification of decisions
Applicants will be notified by email when a decision has been made and decision letters will be available to view and print by logging into the application. If there is a deadline by which applicants must accept an offer of admission, this will be stated in the offer letter.

Offers
Offers will typically be made in line with the academic requirements set out above.

Offers made may be conditional or unconditional. An unconditional offer will be made to successful applicants who have already met the conditions and provided evidence that conditions have been met. Where academic or language requirements have not yet been fulfilled, successful applicants will receive a conditional offer outlining the requirements that must be met.

If an applicant is not selected to receive an offer for the course to which they have originally applied, we may offer the opportunity to be considered for an alternative programme in a related subject area. In such cases applicants will receive an email notification providing any alternative course options and asking whether they wish to be considered for these. It may be necessary for applicants to submit additional documentation in order for the application to be fully considered for an alternative programme. Details of the documentation required can be found in the admissions statement for the relevant programme.

Deferrals
This programme does not normally allow deferrals unless there are exceptional circumstances. Please contact the admissions team by emailing artf-pgadmissions@bristol.ac.uk if you would like to discuss the possibility of deferring your start date.

Additional information

Extenuating Circumstances
If your education has been significantly disrupted through health or personal problems, disability or specific difficulties within your studies you can submit an extenuating circumstances form as part of your application.

The information provided on the form will be treated confidentially, and will help us to fairly assess your academic performance in light of your circumstances.

ATAS
An ATAS certificate is not required.
**Fees**
Information about postgraduate tuition fees and funding opportunities can be found on the University’s fees and funding webpages.

**Deposits**
International self-funded students accepting a place on a taught postgraduate programme are required to pay a deposit of £1000. Further information is available on how to pay programme deposits. Further information will also be provided in the offer letter to successful applicants.

The deposit is non-transferable and non-refundable except under the circumstances outlined in the International Deposits Refund Policy.

**Visa**
International students coming to the UK to study full-time must apply for a student visa. Tier 4 student visa guidance notes are available on the University website.

**Sponsored Students**
Sponsored students are not required to pay the deposit but will need to upload a copy of their sponsorship letter using the ‘Post Submission Uploads’ section of the online application. Sponsored students will also need to complete and upload the sponsorship authorisation form.
